

W. H. BANCROFT IS COMING HOME

General Manager of the Union Pacific is inspecting Wyoming Division Today.

RIDING ON A SPECIAL TRAIN.

Will Arrive in Ogden This Evening And Probably Come to Salt Lake Tonight.

Vice President and General Manager W. H. Bancroft of the Union Pacific and Oregon Short Line is today inspecting the Wyoming division of the Union Pacific on a special train accompanied by several officials of the Overland. It is on the cards that Mr. Bancroft will arrive in Ogden this evening and return to Salt Lake either tonight or tomorrow morning.

SAN PEDRO TRAFFIC SPREADS

Salt Lake Route Makes Contracts to Get Through Passenger Service.

Contracts recently made will give the San Pedro the most direct connection for through passenger service from Los Angeles to Butte, Mont., Denver, Milwaukee, St. Louis and Chicago. The arrangement is with the Denver & Rio Grande, the Union Pacific, the Oregon Short Line, the St. Paul and the Missouri Pacific. It is figured that the through cars to be delivered to these roads will make two trains a day, with which to begin service. It is expected that times between Los Angeles and Salt Lake will be about 22 hours, as against 43 hours by the Southern Pacific. The new route will bring the middle west about one day nearer southern Colorado—New York Commercial.

GOULD-ROCK ISLAND DEAL.

May Jointly Use Iron Mountain-Texas Pacific Route to New Orleans.

New York, Jan. 27.—Following a deadlock which threatened a breach of Valley, negotiations have been resumed, according to the Herald, between George J. Gould and the Rock Island-Frisco system for the joint use of the new Iron Mountain-Texas Pacific route from Memphis to New Orleans. No contract has yet been signed, but it is asserted that the stumbling block to former negotiations which at one time caused the announcement that the Rock Island would build an independent line to New Orleans has been removed.

The new Gould line down the Mississippi probably will not be completed for a year. A traffic arrangement concluded a few weeks ago between the Frisco and the Southern railway for the use of the Mobile and Ohio and the New Orleans and Northwestern tracks into New Orleans will not stand in the way of the completion of the contract for the use of the Iron Mountain route. The agreement with the Southern can be terminated upon the completion of the Gould line, or it can be extended to cover a long period, at the option of the Frisco.

Los Angeles Deal.

Los Angeles, Jan. 27.—The Los Angeles Pacific Railroad company bought from Abbott Kinney and the Huntington-Harriman syndicate for \$300,000 the Los Angeles, Ocean Park and Santa Monica railroad, being a 10-mile line connecting Los Angeles with Ocean Park and Santa Monica. Eight miles of this line is under trackage. This deal means that a competing line between Los Angeles and Santa Monica will not be operated.

No Agreement on Rates.

St. Louis, Jan. 27.—No agreement was reached at today's meeting of the Trans-Continental Passenger association regarding a world's fair rate, action being deferred until Thursday. The association decided that eastbound trans-Atlantic tickets from the Pacific coast should be issued to include the steamer ticket, instead of issuing an order on the steamship companies, which had been the custom.

SPIKE AND RAIL.

Chief Engineer Hawgood of the Salt Lake Route is inspecting the work that has been done at this end of the line.

When the World's fair opens its gates in St. Louis, the Southern Pacific will have perfected an arrangement for moving its passengers direct from points in Texas and the west without change of cars or stopover at the New Orleans gateway.

It is reported from Denver that shops that will employ from 1,000 to 1,500 men will be built in that city by the Rock Island-Frisco system.

In view of the persistent Wall Street stories of a peace agreement between the Pennsylvania and the Gould interests, some significance is attached to the fact that the annual meeting of the shareholders of the Pennsylvania and the Missouri Pacific system are to be held on the same day, viz., March 8.

Western roads have agreed to combine the western and trans-Missouri mileage business and place them both under the control of Chairman E. E. MacLeod at Chicago. Interchangeable mileage tickets of the Western Passenger association will not be good, however.

Catarrh

Invites Consumption

It weakens the delicate lung tissues, deranges the digestive organs, and breaks down the general health.

It often causes headache and dizziness, impairs the taste, smell and hearing, and affects the voice.

Being a constitutional disease it requires a constitutional remedy.

Hood's Sarsaparilla Radically and permanently cures catarrh of the nose, throat, stomach, bowels, and more delicate organs.

Read the testimonials.

No substitute for Hood's acts like Hood's. Be sure to get Hood's.

"I was troubled with catarrh 20 years. Seeing statements of cures by Hood's Sarsaparilla resolved to try it. Four bottles entirely cured me." WILLIAM SHERMAN, 1000 6th St., Milwaukee, Wis.

Hood's Sarsaparilla promises to cure and keeps the promise.

Dr. Shoop's Rheumatic Cure

Cures Rheumatism in 10 Days

Any honest person who suffers from Rheumatism is welcome to this offer. For years I searched everywhere to find a specific for Rheumatism. For nearly 20 years I worked to this end. At last, in Germany, my search was rewarded. I found a costly chemical that did not disappoint me as other Rheumatic prescriptions had. As prescribed physicians everywhere.

I do not mean that Dr. Shoop's Rheumatic Cure can turn joints into lead again. That is impossible. But it will drive from the blood the poison that causes pain and swelling, and then that is the end of Rheumatism. I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be unreasonable to expect that. But most cases will yield within 30 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that is irresistible.

My offer is to convince you of my faith. My faith is but the outcome of experience of actual knowledge. I know what I can do. And I know this so well that I will furnish for a full month my Rheumatic Cure on trial. I cannot cure all cases within a month. It would be unreasonable to expect that. But most cases will yield within 30 days. This trial treatment will convince you that Dr. Shoop's Rheumatic Cure is a power against Rheumatism—a potent force against disease that is irresistible.

Write me and I will send you the book. Write me and I will send you the book. Write me and I will send you the book.

Address Dr. Shoop, Box 573, Racine, Wis.

Mild cases not chronic are often cured by one or two bottles. At all druggists.

After a contest extending over several months, participated in by a half-dozen Missouri and Kansas Cities, Sedalia, Mo., has been selected by the Missouri Pacific Railroad Co. as the site for its new shops. These works construction and repairs in the entire southwestern system. One million to \$1,000,000 will be expended in their construction. The new shops will employ to not less than 1,000 men and this force may exceed 2,000. The shops are to be completed by July, 1905.

The derailing of some cars of a freight train near Grand Junction today caused the car to be derailed. The Rio Grande will be from four to seven hours late.

The Rio Grande tonight at 7:50 will run a special train to Ogden for the Woodmen. A ball, drill by the degree team and other forms of entertainment have been provided for the Salt Lake visitors.

The Billie club is arranging to charter a tourist car for three weeks' absence from Utah and a visit to the world's fair next summer. It is the intention of 20 of the members and 15 friends to make up the party. The cost of chartering the car will be about \$25 a day, which will be considerably cheaper than living at hotels while in St. Louis.

General Superintendent J. H. Young of the Rio Grande Western and party of friends who have been in Mexico, arrived at Fort Worth, Tex., this morning. They will probably reach Salt Lake on Saturday.

A GUARANTEED CURE FOR PILES.

Itching, Bleeding or Protruding Piles. Druggists will refund money if "AZO OINTMENT" fails to cure in 14 days.

IRRIGATION IN UTAH.

Doremus and Richards Will Discuss it With Utah Delegates.

(Special to the 'News') Washington, Jan. 27.—Mr. A. F. Doremus arrived from Salt Lake this morning. Tomorrow morning in company with F. S. Richards he will meet Messrs. Kearns, Smoot and Howell when the whole subject of irrigation plans adopted in Utah will be gone over and discussed. After that the Utah delegation will take up the matter with the interior department with the idea of having the projects formally approved.

Cures Colds in India.

Laxative Bromo Quinine. To get the genuine, call for the full name, 25 cents.

MUSIC MANAGER OUT.

A. C. Strobel, formerly of Chicago, who has been manager of the D. O. Calder's Sons company, has resigned, to take effect next Saturday. Until a new manager is chosen, President N. W. Clayton of the company will act as manager.

Amusements

The sale of seats for "The Mummy and the Humming Bird" which commences a three performance engagement at the Salt Lake theater on Friday night, opened briskly this morning with indications pointing to the best business that the house has done in some weeks.

Rehearsals are going on in earnest fashion for the benefit to be given at the Grand on Saturday afternoon and night. On Monday next the Grand will have as an attraction Marie Heath in "For Mother's Sake," a story of New England life. It will run for half of the week.

PERSONALS.

J. A. Cunningham and wife are in San Francisco from Honolulu with the intention of returning to Salt Lake in 10 days.

Rev. J. B. Thrall, formerly pastor of the First Congregational church in this city, is now pastor of the Congregational church at Sioux Falls, S. D. He has been preaching in Massachusetts since leaving Salt Lake.

M. A. Niles and John Westlund of Spring Valley, Wyo., are at the Kenyon.

Owen Dusenberry, the popular day clerk of the Wilson hotel, is confined to his room with a severe attack of laryngitis.

Ernest Pearson and Wm. M. Cline of Glen's Ferry are at the Kenyon.

Dr. W. W. Cook of Frisco is in the city.

Hyrum G. Hayball, the well known Logan merchant, is in the city.

Frank W. Thatcher, one of Cache county's popular merchants, is down from Logan to buy goods.

General Manager D. S. Murray of the R. M. Bell Telephone company is confined to his house by a severe cold.

Prof. Snodgrass is spending the winter at Kingman, Ariz., and intends returning early in the spring, when the severities have passed.

Chas. Mercer, Seventh cavalry, has just returned to the White Rocks Indian agency from Connecticut, where his wife and daughter are spending the winter.

G. N. Bierco, a prominent business man of Dayton, Ohio, is in town, and will address a local Y. M. C. A. celebration, and later attend the meeting of the California Y. M. C. A. in southern California.

FULLER TELLS HIS OWN STORY.

The Soldier Charged With Assault Makes a Bold Attempt to Prove an Alibi.

GAVE TESTIMONY THIS MORNING

Damaging Evidence Against Him Introduced by the State—Will Go to Jury This Afternoon.

The state concluded its testimony in the case against Thomas R. Fuller this morning and practically all of the testimony for the defense was introduced, so the case will probably be submitted to the jury this afternoon. The witness called by the state gave very damaging testimony against defendant yesterday afternoon. They identified the clothing which Fuller wore when he was arrested and which was stained with blood. The button which was found near the scene of the crime was identified as belonging to the defendant's overcoat. The testimony for defendant today tended to prove an alibi. Fuller was on the stand for about 30 minutes and told of his whereabouts on the night of the crime.

FULLER'S STORY.

He stated that he and some other soldiers boarded the Port Douglas car on either State or East Temple street at about 9:30 o'clock, and as the car was moving he saw a man get out of the car and go toward the platform. When about six blocks from town he said that he stepped off the car and went around to the left side and stood on the step. He said that he saw a man get out of the car and go toward the platform. When about six blocks from town he said that he stepped off the car and went around to the left side and stood on the step. He said that he saw a man get out of the car and go toward the platform.

He explained the presence of blood stains on his clothing and hat. With reference to the button being off his overcoat, he said that he had buttoned up his coat tight and then reached back to hook his cape when the button snapped off. On cross-examination he identified all the clothing as belonging to him by the laundry mark. He stated that he was born in Kansas, had been in the army about a month when this affair occurred.

MARTIN'S DEPOSITION.

After Attorney Leatherwood made the opening statement for the defense, he read the testimony of Jesse J. Martin, who is in the hospital at the fort. The witness stated that he was with Fuller on the night of the crime and that he saw him enter the barracks and retire about 15 minutes after the car arrived at the fort.

OTHER WITNESSES.

Ernest Miller and Corporal Coleman testified that Fuller was in his bunk at the barracks at 10:40 on the night of the crime. The latter was on duty that night checking the soldiers in and he was positive that defendant was in his bunk at the first stand. Dr. W. M. Tonne also gave some expert testimony for the defense.

DEFENSE REISTS.

At this afternoon's session the defense rested its case and, as the state had no rebuttal to offer, the arguments were begun. The opening argument for the state by District Attorney Elchior consumed about 35 minutes. Attorney E. O. Leatherwood then made his argument for the defense, after which District Attorney Elchior made the closing argument for the state. The court then instructed the jury and the case was submitted.

FINN USED A KNIFE.

John Rodas Pleads Not Guilty to Assault Upon Jack Engle.

John Rodas was arraigned before Judge Morse in the criminal division of the district court this morning upon the charge of assault with a deadly weapon with intent to do bodily harm, and entered a plea of not guilty to the charge. It is charged that defendant assaulted Jack Engle with a knife at Bingham on Jan. 5. Rodas is a Finn and Deputy Sheriff Steele was pressed into service as interpreter so that Rodas could intelligently plead to the charge.

REPORTER LOSTS.

C. A. Nichols Gets \$1,000 Damages for Defamation of Character.

The jury in the case of C. A. Nichols against the Daily Reporter company, which was tried in Judge Stewart's court yesterday, this morning returned a sealed verdict, finding the issues in favor of plaintiff and assessing damages at \$1,000. The action was brought to recover \$5,000 damages for defamation of character. It was claimed by Nichols that he was a candidate for the office of delegate to the Congressional convention, and that defendant company printed and circulated certain cards containing statements defamatory to plaintiff's character and thus defeated him for the honor.

Desertion and Non-Support.

Suit for divorce was filed in the district court today by Maggie Freeze Barrett against Henry L. Bassett on the grounds of desertion and non-support. They were married at Logan on Jan. 26, 1898, and have three children. The desertion occurred on Oct. 2, 1901.

Spends Money for Whisky.

Annette Lunnien filed suit for divorce in the district court today against William Lunnien on the ground of failure to support. They were married in this city on June 16, 1890, and have five children. It is charged that defendant is a bartender and spends all of his money for whisky and when under its influence he uses vile language towards his wife and children. Mrs. Lunnien asks that her husband be restrained from interfering with her or her property.

Personal Injury Suit.

Isaac Hubbard, formerly employed as an ere-assorter in the sheds of the Daily-Evening News at Park City, has sued that company for \$25,000 damages for personal injuries.

The complaint alleges that about one year ago, while Hubbard was at work, he was caught under a heavy load of ore that came from the chute. His spine was injured, several ribs were broken, and he was otherwise injured so that he has not been able to perform manual labor since.

The company is accused of gross negligence in not having provided the ore chute with "breakers," and again, in employing a man known to be incompetent to run the cars, which was done in such a manner that the ore was allowed to accumulate around the mouth of the chute.

Transferred to Morse.

Upon motion of plaintiff, Judge Hall today transferred the divorce case of Sarah L. Nash against Albert H. Nash to Judge Morse for trial. Mrs. Nash asked for a change for the reason that she thought Judge Hall would be prejudiced in the case. The attorney for defendant contended that the change was asked merely to delay the trial of the case as it was set for trial in Judge Hall's court to follow the case now being tried. Judge Hall granted the change of venue without any hesitation.

LATE LOCALS.

Mr. and Mrs. George Lockhead and family were down from Ogden today.

T. J. Osborne of Pioche, Nev., is in the city on business.

Only seven of the old Stephenson streetcars are left, and they will be built over into double truck cars as opportunity may offer.

The new building of the Independent Telephone company will be ready for installation of the operating plant next week.

There is a slight increase in the number of miners and output at all of the Carbon county coal camps. The output at Winter Quarters yesterday, was 1,247 tons, the heaviest since the beginning of the strike. Yesterday's total output from the four camps amounted to 5,600 tons, and 510 tons of coke were loaded. The company officials are now very hopeful of steady work for the rest of the season.

The Home Fire Insurance company paid this morning \$213.10 to T. E. Newman for the damage to his Wall street residence by fire.

The directors of the Consolidated Wagon & Machine company will meet tomorrow, to hear the report of the business of the company for 1903.

Two cases of chickenpox were reported to the board of health today. They are those of two Hokanson children, aged four and seven years, residing at 904 West Second North street.

With the continued cold, the water supply of the Utah Light & Railway company is shortening up, and the company is being obliged to depend more on steam.

The ticket office of the street railway department of the Utah Light & Railway company has been moved to No. 7 East Temple street, where it is to be found not far from the front doors. Staff. Read will not move his office from the Hooper block for two or three days yet.

Report of the Condition of the UTAH NATIONAL BANK At Salt Lake City, in the State of Utah, at the close of business, Jan. 22, 1904.

RESOURCES.

Loans and discounts	\$391,455.41
Overdrafts, secured and unsecured	47,326.99
U. S. Bonds to secure circulation	50,000.00
Premiums on U. S. Bonds	1,750.00
Stocks, securities, etc.	1,529.59
Banking house, furniture, and fixtures	3,000.00
Other real estate owned	5,379.99
Due from National Banks (not reserve agents)	5,590.73
Due from State Banks and Bankers	8,591.31
Due from approved reserve agents	13,120.45
Checks and other cash items	1,521.29
Exchanges for clearing house	4,920.27
Notes of other National Banks	35.00
Fractional currency, nickels, and cents	41.12
LAWFUL MONEY RESERVE IN BANK, VIZ:	
Specie	\$75,355.00
Redemption fund with U. S. Treasurer (5 per cent of circulation)	2,500.00

Total	\$648,274.82

State of Utah, County of Salt Lake, ss.: I, Joseph Nelson, cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief.

Subscribed and sworn to before me this 27th day of January, 1904.

J. E. OPPENSHAW, Notary Public.

ANTHONY H. LEON, JAMES CHAPMAN, FRANK Y. TAYLOR, Directors.

AFTERNOON ON 'CHANGE.

Stocks Were Weaker—New York Bonanza Drops Several Points.

Mining stocks were weaker this afternoon. Notwithstanding the announcement that New York Bonanza is about to ship ore the stock dropped off a few points, there being plenty of it for sale in the pit. The sales were:

Daily-Judge, 100 at 3.45, seller 4.

Star Con. 200 at 21.

Butler-Liberal, 500 at 10 1/2; 10 at 10 1/2.

Martha Washington, 3,000 at 14.

New York Bonanza, 2,500 at 19; 400 at 19 1/2; 1,400 at 19 1/2; 400 at 19 1/2.

Tetro, 100 at 31 1/2.

NEW YORK TO SHIP.

Park City Mine Will Market Its First Ore This Week.

The New York Bonanza is to commence the shipment of ore and while in Park City yesterday Manager R. G. Wilson arranged for the sampling of two carloads at the Mackintosh plant. The delivery is to commence at once.

The above announcement was made on Brokers' Row during the forenoon and the report was afterwards confirmed by Manager Wilson.

"We have about two and a half carloads of ore," said Mr. Wilson, "extricated, and we are going to ship it in order to get it out of the way, as we are not yet provided with large ore bins as we probably will be later on. After things

the coffee market continues on an upward tendency, with an increase of half a cent which the dealer must stand. Coffee is now selling at 15 1/2 cents against 14 1/2, three months ago. The explanation is that the demand is increasing while the supply is short.

Filing on water about the state continues with the title of engineer, but the strict law covering this is resulting in not a few withdrawals by parties who are merely intending to file for the purpose of selling out.

In the foreclosure suit of Henry Lawrence against Patrick J. Ward et al., Judge Hall has rendered judgment for plaintiff for the sum of \$122.50, but has declined to enter a judgment of foreclosure. Plaintiff refused to accept the judgment of the court on account of the refusal of the court to order so Judge Hall has ordered the case dismissed and each party is ordered to pay his own costs.

Director General S. T. Whitaker of the Utah World's Fair commission will go to Ogden Saturday, to remain there until he leaves for St. Louis to superintend the installation of the Utah exhibits. He says the space cut off from the Utah floorage in the building intended to be given to some other state, but believes he will get it back again. The Utah space is at the main entrance, and adjoining the British government space.

BUSINESS NOTES.

Today's local bank clearings amounted to \$476,677.35 as against \$359,881.16 for the same day last year. There is a gratifying increase of daily clearings over the corresponding periods of one year ago.

The Covey Investment of this city has bought 12 1/2 x 20 rods on Third South street between First and Second North streets, and will erect a row of small terraces on the property, at an estimated expense of \$75,000. The terraces will be arranged like the Dubels court on east Second South street, providing for about 40 families. As the Denver & Rio Grande expects to build yards close by, these houses will be convenient for railroad men.

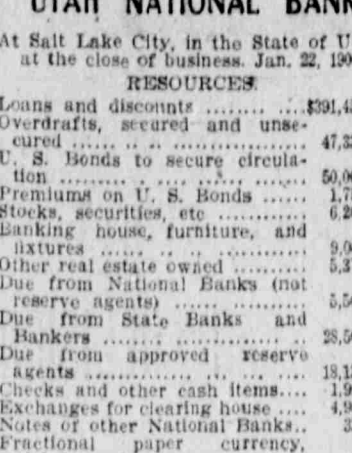

Henry Clews & Company in their letter which arrived here today from New York says:

A strong undercurrent prevails on the stock market and under clique manipulation further advances have been secured. The conditions most favorable to an upward movement have been better peace prospects between Russia and Japan and the easier tendency of money.

Fortunately Russia has moderated her aggressive attitude, owing to the bold attitude of Japan and the growing sympathy among all the great powers for the Japanese cause. It is still probable that war will be averted. Diplomacy can accomplish much; but it will be a very difficult matter for Russia to yield gracefully after having gone to such extremes. No real settlement can be effected which does not wipe out all Russia's claims of authority in Manchuria, where she is nothing but a trespasser. Should Russia yield that much without war, it will be for the good and advance of the whole world, and humanity will be under obligations to the czar, whose humane purposes are unquestionably genuine.

The ambitions of his advisers. No doubt Russia's inability to find friends is her chief cause of hesitancy, and not fear of Japan. Russia is in no position financially or industrially to undertake an expensive war, and the fact that she would incur in raising funds is another serious obstacle to her designs. France, Russia's only friend, has shown that she cannot be depended upon for assistance, and the fact that war would probably cause a sharp decline in Russian bonds in Paris, where they are largely held, makes the successful placing of a new issue somewhat of a problem. War, however, is still a possibility, later if not now, for Russia possesses strange persistency of purpose, and is exceedingly unlikely to give up what she states, men believe in as her destiny.

The Afternoon Tea

Will be successful if served from an exquisite

TEA TABLE.

We have some very dainty ones. They are made with or without GLASS TRAY TOPS, and are ornamental as well as useful.

H. Dinwiddie Furniture Co.

are cleaned up a little it is the plan to then commence stoping and making more shipments.
